Beijing University of Chemical Technology

2023 Admission for Postgraduate Program

Founded in 1958 and formerly known as Beijing Institute of Chemical Technology, Beijing University of Chemical Technology (BUCT) is a national key university directly affiliated to Ministry of Education of China, one of the Project 211 universities and 985 Project Innovation Platforms. BUCT shoulders the mission of innovative talent education, scientific research, and high-tech development.

After 60 years of continuous efforts, BUCT has developed into a multi-disciplinary institute with a solid foundation in science and engineering, along with other distinctive disciplines such as Business Management, Economics, Law, Literature, Philosophy, Education, Medical Science and etc. It has formed a complete talent development system from the undergraduate level, the postgraduate level up to the postdoctoral level. In the ESI rankings, chemistry and material science have entered the top 1‰, the disciplines of material science, engineering, biology and biochemistry top 1%. The primary discipline of Chemical Engineering and Technology ranked the third in China. The BUCT “Green Chemistry, Chemical Engineering and Materials” discipline group was listed as a First-Class Discipline in the Double First-Class Project in 2017.

BUCT, with a global vision, has successively established academic collaboration with 165 universities from Asia, Europe, America, Africa, Oceania. BUCT is now running more than 86 study-abroad programs. BUCT also offers a wide range of education programs for international students including bachelor’s, master’s and doctoral programs as well as Chinese language and culture programs, exchange programs and summer camps and etc.

In the 21st century, which is full of opportunities and challenges, BUCT will continue to hold fast the university motto “to be ambitious, virtuous, profoundly learned, to explore the mysteries of nature, strive for better services for human beings” and try its

best to develop BUCT into a world class research institution with distinctive characteristics and international influence.

600+ International students

500+ /year Study -abroad Students

2 State Key Laboratories

30+ Provincial Joint Laboratories/Centers

5+ International joint Laboratories/Research Centers

160+ Overseas Cooperation Partners

● **Postgraduate Programs**

Master's Program (3 years) (※: curriculum taught in English)			
College of Chemical Engineering	1.Chemical Engineering and Technology※	College of Economics and Management	15.Management Science and Engineering
	2.Environmental Science and Engineering		16.Accounting
College of Material Science and Engineering	3.Material Science and Engineering※		17.Business Administration ※
			18.Technical Economy and Management.
College of Mechanical and Electrical Engineering	4.Engineering Mechanics	College of Chemistry	19.Chemistry※
	5.Mechanical Engineering		
	6.Power Engineering and Engineering Thermophysics	College of Science	20.Physics
	7.Safety Science and Engineering		21.Mathematics
College of Information Science and Technology	8.Controlling Science and Engineering	College of Life Science and Technology	22.Light Industry Technology and Engineering
	9.Information and Communication Engineering		23.Pharmacy
	10.Software Engineering		24.Biological Engineering ※
	11.New Generation Electronic Information Technology	College of Humanities and Law	25.Law
	12.Computer Technology		26.Public Administration
	13.Control Engineering	College of Marxism	27.Marxism Theory
	14.Computer Science and Technology※		
Doctor's Program (4 years)			
College of Chemical Engineering	1.Chemical Engineering and Technology	College of Information Science and Technology	5.Controlling Science and Engineering
	2.Environmental Engineering	College of Mechanical and Electrical Engineering	6.Power Engineering and Engineering Thermophysics

College of Materials Science and Engineering	3.Materials Science and Engineering	College of Life Science and Technology	7.Biological Engineering
College of Chemistry	4.Chemistry	College of Economics and Management	8.Management Science and Engineering

● **Application and Admission Process** Period (February 1 - June 20 each year)

1. Register your account and activate in <http://study.buct.edu.cn> , fill out your Application online and upload the materials;
2. Document review;
